“ Recently I had a chance to visit with Marge, she had a great memories of past events and was always glad to see me. It was great talking with her, and I got to tell her that she was an awesome lady, she always as far as I was concerned treated all of us kids the same. I have many great memories myself of visiting her and Johnny 1st at their apartment on main St of Benton then later the farm they bought in Stillwater.

Thanks Margie
