“ Cheri very sorry to here about your loss of Mike. Mike and I were roommates for two years at Paul Smiths College along John Weiderman. I learned about Mike's passing through the school newspaper. We had some very memerable times up at Paul Smiths. One of my funniest memory of Mike is him and John running back to room to see who could turn their music on first. As you know Mike loved his rock and roll, john was in to Neil Diamond was a little stressful at times in the dorm room. Again my deepest sympathy.
